

**Welding Sculpture Contest**  
**MO SkillsUSA 2023**  
**Tool List**

**Supplied by contestants:**

1. Student-designed and -produced sculpture
2. Notebook to serve as a professional portfolio
  - a. A three-ring binder must be placed with the sculpture prior to judging. It must contain pictures and supporting evidence (i.e., receipts). It must include a brief description of the project and processes used to develop the sculpture.
  - b. The first page of the notebook must be a table of contents. All subsequent sections must be clearly labeled and tabbed. The notebook must include a letter certifying that the sculpture was designed and constructed by the student. The letter must contain an itemized list of all expenses. The letter must identify the school, city, state and local advisor. The letter must identify the student to be interviewed, division (high school or college/postsecondary), and the letter must be signed by the school administrator.
  - c. Any welds that are hidden or ground must be documented through photographs with captions in the notebook. Note: documentation will be critical if welds are not visible on the completed sculpture.
  - d. A written statement from a school administrator must be submitted to the technical committee stating that the sculpture is the same one used throughout the SkillsUSA at regional and state competitions.
  - e. An electronic copy of the notebook must also be provided at orientation on a USB drive; USB drives will be returned to students during the competition.
